

# Material Safety Data Sheet

Water Based Engine Degreaser

MSDS No. 077

Date of Preparation: 05-16-02

Revision: 12-01-05

## Section 1 - Chemical Product and Company Identification

**Product/Chemical Name:** Water Based Engine Degreaser

**Part Number(s):** 1116 (Blend WBED)

**CAS Number:** Not applicable to mixtures

**General Use:** Automotive product

**Manufacturer:** Berryman Products, Inc., 3800 E. Randol Mill Rd., Arlington, TX 76011-5434

Phone: 1-800-433-1704, Emergency phone number: 1-800-535-5053.

### ☆☆☆☆☆ Emergency Overview ☆☆☆☆☆

## Section 2 - Composition / Information on Ingredients

Ingredient Name	CAS Number	% wt or % vol
Nitrogen Propellant	7727-37-9	<2

### Trace Impurities:

Ingredient	OSHA PEL		ACGIH TLV		NIOSH REL		NIOSH IDLH
	TWA	STEL	TWA	STEL	TWA	STEL	
Nitrogen Propellant	none estab.	none estab.	none estab.	none estab.	none estab.	none estab.	none estab.

## Section 3 - Physical and Chemical Properties

**Physical State:** Liquid

**Appearance and Odor:** Light straw, Mild detergent odor

**Vapor Pressure:** 20 mm Hg at 68 °F

**Vapor Density (Air=1):** <1

**Density:** 8.53 lbs/gal

**Specific Gravity (H<sub>2</sub>O=1, at 4 °C):** 1.022

**Boiling Point:** 218-232 °F

**Refractive Index:** N/A

**% Volatile:** NIL

**Evaporation Rate:** Slower than ether

## Section 4 - Fire-Fighting Measures

**Flash Point:** None detected

**Flash Point Method:** Pensky Martens

**LEL:** N/A

**Flammability Classification:** N/A

**Extinguishing Media:** Compatible with all media.

**Unusual Fire or Explosion Hazards:** None known.

**Fire-Fighting Instructions:** Do not release runoff from fire control methods to sewers or waterways.

**Fire-Fighting Equipment:** Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full facepiece operated in pressure-demand or positive-pressure mode. Use water spray to cool fire-exposed containers

## Section 5 - Stability and Reactivity

**Stability:** Water Based Engine Degreaser is stable at room temperature in closed containers under normal storage and handling conditions.

**Polymerization:** Hazardous polymerization cannot occur.

**Chemical Incompatibilities & Conditions to Avoid:** Avoid contact with strong acids and strong oxidizers.

**Hazardous Decomposition Products:** This product does not burn, but if involved in a fire small quantities of carbon nitrogen dioxides can be generated in extreme conditions.

## Section 6 - Health Hazard Information

### Potential Health Effects

**Primary Entry Routes:** Skin, dermal, inhalation and ingestion.

**Target Organs:** Eyes, skin.

**Acute Effects:** May cause minimal irritation to the eyes, and skin.

**Carcinogenicity:** IARC, NTP, and OSHA do not list Water Based Engine Degreaser as a carcinogen.

**Chronic Effects:** None known.

### Emergency and First Aid Procedures

**Inhalation:** Remove to fresh air. If not breathing, give artificial respiration. Get medical attention immediately.

**Eye Contact:** Immediately flush eyes with plenty of water. Get medical attention, if irritation persists.

**Skin Contact:** Rinse with water for several minutes within a reasonable period of time after contact occurs.

**Ingestion:** Drink several glasses of water. Do not induce vomiting.

*After first aid, get appropriate in-plant, paramedic, or community medical support.*

### Section 7 - Spill, Leak, and Disposal Procedures

**Spill /Leak Procedures:** Eliminate all sources of ignition. Stop spill at source. Wear appropriate personal protective equipment (Sec. 8). Contain the spill to facilitate cleanup with absorbent. Use non-sparking tools and equipment. Transfer to disposal containers.

**Containment:** For large spills, dike far ahead of liquid spill for later disposal. Do not release into sewers or waterways.

**Disposal:** Contact your supplier or a licensed contractor for detailed recommendations. Follow applicable Federal, state and local regulations.

**Regulatory Requirements:** Follow applicable OSHA regulations (29 CFR 1910.120).

### Section 8 - Exposure Controls / Personal Protection

**Ventilation:** Provide general or local exhaust ventilation systems to maintain airborne concentrations below OSHA PELs (Sec. 2). Local exhaust ventilation is preferred because it prevents contaminant dispersion into the work area by controlling it at its source.

**Respiratory Protection:** Seek professional advice prior to respirator selection and use. Follow OSHA respirator regulations (29 CFR 1910.134) and, if necessary, wear a MSHA/NIOSH-approved respirator. Select respirator based on its suitability to provide adequate worker protection for given working conditions, level of airborne contamination, and presence of sufficient oxygen. For emergency or nonroutine operations (cleaning spills, reactor vessels, or storage tanks), wear an SCBA.

*Warning! Air-purifying respirators do not protect workers in oxygen-deficient atmospheres.* If respirators are used, OSHA requires a written respiratory protection program that includes at least: medical certification, training, fit-testing, periodic environmental monitoring, maintenance, inspection, cleaning, and convenient, sanitary storage areas.

**Protective Clothing/Equipment:** Wear chemically protective gloves, boots, aprons, and gauntlets to prevent prolonged or repeated skin contact. Wear protective eyeglasses or chemical safety goggles, per OSHA eye- and face-protection regulations (29 CFR 1910.133). Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

**Safety Stations:** Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

**Contaminated Equipment:** Separate contaminated work clothes from street clothes. Launder before reuse. Remove this material from your shoes and clean personal protective equipment.

**Comments:** Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

### Section 9 - Special Precautions and Comments

**Handling Precautions:** Wear impermeable gloves and other protective clothing to avoid prolonged or repeated skin contact and wear eye protection. Wash thoroughly after handling.

**Storage Requirements:** Keep away from heat, sparks and flame. Keep container closed when not in use. Contents under pressure. Do not expose to heat or store above 120 °F.

**California Proposition 65:** This product contains the following chemicals know to the state of California to cause cancer and/or reproductive toxicity: None.

### DOT Transportation Data (49 CFR 172.101):

**Part Number(s):** 1116

**Shipping Name:** Consumer  
Commodity

**Hazard Class:** ORM-D

**ID No.:** N/A

**Packing Group:** N/A

### SARA Title III Section 313 Supplier Notification:

This product contains the following toxic chemicals subject to the reporting requirements of Section 313 of the emergency Planning & Community Right-To-Know-Act of 1986 & of 40CFR 372: None.
